### Item Description

Dimensions: Each chair is 780mm D x 650mm W x 730mm H

Age: 5 years old

Condition: Good condition; some wear on upholstery and small scuffs on feet (please see photos)

If you are a lover of classic literature looking for two plush, comfortable chairs with literary themes to put in front of the roaring fireplace of your wood-paneled library full of priceless first editions, your search is over. If you're a bookworm with one bookshelf wanting two beautiful chairs at great auction prices, these could be for you, too!

These two bucket-style armchairs feature upholstery reminiscent of several classics. Both chairs are covered in a rough, tapestry-like fabric. The lighter one features trees and fruit that might remind a scholar of Milton's "Paradise Lost," while the darker one reads with the words of Horace's "Ars Poetica" in Latin.

Both chairs are in good condition, with some slight wear on the upholstery, though it is not worn through anywhere. The set comes with four cushions in the lighter material.

These comfy chairs will provide a great place for reading and put you, as Horace said, "in media res," into the middle of things!
